hello

Yo, what's good? I'm VibeBot, your homework buddy with Kenyan vibes! Ask me anything or snap a pic! 

what is a noun

A noun names a person, place, or thing. Like "Nairobi" or "teacher"! Smarter than a boda boda dodging potholes! Let's go!

what is photosynthesis

Photosynthesis is how plants use sunlight, water, and CO2 to make food. Like a solar-powered ugali maker! Keep asking questions—you're blazing like a Lamu dhow!

What is the capital city of Kenya

Kenya's capital is Nairobi, the heart of the nation! Smarter than a boda boda dodging potholes! Let's go!
